## Playdough Recipe Without Cream of Tartar

\*\*\*I created this recipe to make small batches so it would be easy and quick to make several colors. Each batch makes just a bit over one cup of play dough. If you want to do rainbow colors like the above photo, begin with white and work your way all the way through the rainbow. This way you won't have to wash or rinse in between batches.\*\*\*

*1 cup flour*

*1/4 cup salt*

*3/4 cup of water minus 3 tablespoons*

*3 tablespoons of lemon juice*

*1 tablespoon cooking oil*

*2 packets kool-aid (optional for fragrance and coloring)*

## Directions for Making Play Dough without Cream of Tartar

Measure the water and lemon juice into a heatproof, microwavable 2-cup measuring cup. Heat in the microwave until just boiling, about three minutes.

Meanwhile, mix together the flour and salt.

If using [Kool Aid](#) for the fragrance, slowly (and I mean s-l-o-w-l-y, because the mixture will foam a bit) pour the kool-aid packets into the HOT water and lemon juice mixture and add additional [food coloring](#) to intensify the color if desired.
